

# KRETUS®

## Safety Data Sheet

### SECTION 1: IDENTIFICATION

**Product Name:** KRETUS® Coating Cleaner

**Recommended Use:** For professional use only.

**Manufacturer:** Kretus, 1055 W. Struck Ave., Orange, CA 92867

**Telephone:** (714) 694-2061

**24 Hour Emergency Telephone Number:** (800) 255-3924 (CHEMTEL)

Emergency telephone numbers are to be used only in the event of chemical emergencies involving a spill, leak, fire, exposure, or accident involving chemicals. All non-emergency questions should be directed to customer service.

**Comments:** To the best of our knowledge, this Safety Data Sheet conforms to the requirements of US OSHA 29 CFR1910.1200, 91/155/EEC.

### SECTION 2: HAZARD IDENTIFICATION

**Product description:** Mixture

This product is not classified as dangerous according to Regulation (EC) No. 1272/2008

**Label Elements**

**Labeling (Regulation (EC) No. 1272/2008)**

**Signal Word:** None Known

**Pictograms:** None Known

**Hazard Statements:** None Known

**Storage:** Keep container tightly closed and locked in a cool, well-ventilated place.

**Disposal:** Dispose of contents/container to an approved waste disposal plant in accordance with applicable laws and regulations, and product characteristics at time of disposal.

### SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

| Chemical Name                | CAS no.  | Concentration (% by Weight) |
|------------------------------|----------|-----------------------------|
| 2-Methylpentane-2,4-diol     | 107-41-5 | <15%                        |
| Proprietary surfactant blend | —        | >85%                        |

The specific chemical identity and/or exact percentage (concentration) of composition has been withheld as a trade secret.

## GHS Format SDS

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to the health or the environment and hence require reporting in this section.

**SECTION 4: FIRST-AID MEASURES****Contact with Eyes**

Immediately flush eyes with large amounts of water for 15 minutes, occasionally lifting upper and lower lids. Remove contact lenses after the first 5 minutes and continue rinsing. Obtain immediate medical attention, preferably from an ophthalmologist.

**Contact with Skin**

Flush skin with large amounts of water while removing contaminated clothing. Wash affected area with soap and water. Wash contaminated

**Inhalation**

If product vapors cause respiratory irritation or distress, move the exposed person to fresh air immediately. If breathing is difficult or irregular, administer oxygen; if respiratory arrest occurs, start artificial respiration by trained personnel. Loosen tight clothing such as a collar, tie, belt or waistband. If symptoms persist, seek medical attention immediately.

**Ingestion**

Rinse mouth with water. Remove dentures, if any. Do not induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Get medical attention immediately.

**Most important symptoms and effects, both acute and delayed Potential health symptoms and effects**

**Eyes:** Causes moderate to severe transient irritation. Symptoms include redness, pain, burning sensation and/or tearing.

**Skin:** May cause mild skin irritation. Not expected to cause an allergic skin reaction. A single prolonged skin exposure is not likely to result in the

Cause moderate to severe transient irritation. Symptoms include redness, pain, burning sensation and/or tearing. Material being absorbed in harmful amounts. Clothing and shoes thoroughly before reuse.

**Inhalation:** Inhalation of mist or spray or vapors generated by heating may cause irritation of the respiratory system.

**Ingestion:** May cause digestive upset including irritation, nausea, vomiting and diarrhea

**Chronic:** Prolonged and repeated exposure may cause drying of skin and dermatitis in susceptible individuals.

**SECTION 5: FIRE-FIGHTING MEASURES****Suitable Extinguishing Media**

Use media such as water fog or mist, water spray, dry chemical or carbon dioxide.

**Unsuitable methods of extinction:**

None known.

**Special Risks**

Development of hazardous combustion gases or vapors is possible in the event of a fire. Symptoms of overexposure to these gases may not be apparent. Seek medical advice.

**Hazards from Combustion Products:**

Hazardous decomposition products formed under fire conditions. - Carbon oxides

## GHS Format SDS

**Special Protective Equipment for Firefighting**

Full protective equipment including self-contained breathing apparatus should be used. Water may be used to cool closed containers to prevent pressure build-up and possible auto ignition or explosion when exposed to extreme heat. If possible, firefighters should control run-off water to prevent environmental contamination.

**Hazchem Code:**

Not available.

**SECTION 6: ACCIDENTAL RELEASE MEASURES****Personal Precautions, Protective Equipment, and Emergency Procedures**

Spill area will be slippery. Wear appropriate protective clothing designated in Section 8. Remove all sources of ignition. Ventilate the area.

**Environmental Precautions:**

Avoid dispersal of spilled material or run-off and prevent contact with soil and entry into drains, sewers, or waterways.

**Methods and Materials for Containment and Clean-up:**

Cover drains and contain spills. Cover with a large quantity of inert absorbent. Do not use combustible absorbents such as saw dust. Shovel or sweep up product and place into approved container for proper disposal. Observe possible material restrictions (Sections 7.2 and 10.5). Clean contaminated area with soap and water.

**Reference to other sections:**

For indications about waste treatment, see Section 13.

**SECTION 7: HANDLING AND STORAGE****Precautions for Safe-Handling**

Observe label precautions. Wear all appropriate protective equipment specified in Section 8. Keep containers closed when not in use.

**Conditions for Safe Storage**

Keep in cool, dry, ventilated storage areas in closed containers. Transfer only to approved containers having correct labeling. Containers that have been opened should be carefully resealed and kept upright to prevent leakage. Do not take internally. Keep out of reach of children.

**Advice on protection against fire and explosion**

Keep away from heat and flames.

**Specific end uses**

For indications about waste treatment, see Section 13.

**SECTION 8: EXPOSURE CONTROLS AND PERSONAL PROTECTION**

| CAS NUMBER | INGREDIENT                  | OSHA PEL | ACGIH Tel             | NIOSH                  |
|------------|-----------------------------|----------|-----------------------|------------------------|
| 107-41-5   | 2-METHYLPENTANE<br>2,4-DIOL | -----    | 25PPM;125MG/M3<br>TWO | 25PPM: 125MG/M3<br>TWO |

**Exposure controls**

## GHS Format SDS

**Appropriate Engineering Controls:** Technical measures and appropriate working operations should be given priority over the use of personal protective equipment. Use adequate ventilation. Local exhaust is preferable. Refer to Section 7.1.

**Individual protection measures:** Wear protective clothing to prevent repeated or prolonged contact with product. Protective clothing needs to be selected specifically for the workplace, depending on concentrations and quantities of hazardous substances handled. The chemical resistance of the protective equipment should be enquired at the representative supplier.

**Hygiene measures:** Facilities storing or using this material should be equipped with an eyewash station and safety shower. Change contaminated clothing. Preventive skin protection is recommended. Wash hands thoroughly after use, before eating, drinking, or using the lavatory

**Eye/face protection:** Wear protective goggles or safety glasses with unperforated side shields during use. Refer to 29 CFR 1910.133, ANSI Z87.1 or European Standard EN 166.

**Hand Protection:** Wear gloves recommended by glove supplier for protection against materials in Section 3. Gloves should be impermeable to chemicals and oil. Breakthrough time of selected gloves must be greater than the intended use period.

**Other protective equipment:** Protective clothing. Protective boots if the situation requires.

**Respiratory Protection:** None required with normal use. Always use an approved respirator when vapor/aerosols are generated. Where risk assessment shows air-purifying respirators are appropriate use a full-faced respirator with multi-purpose combination (US) or type ABEK (EN 14387) respirator cartridges as a backup to engineering controls. If the respirator is the sole means of protection, use a full-face supplied air respirator. Use respirators and components tested and approved under appropriate government standards such as NIOSH (US) or CEN (EU).

**Environmental exposure controls:** Do not empty into drains.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

|   |   |
|---|---|
| <b>Appearance</b>                                   | Liquid, Clear, colorless to pale yellow liquid. |
| <b>Odor</b>   | Mild  |
| <b>Odor Threshold</b>                               | No Information Available                        |
| <b>pH</b>   | 8.5-9.0   |
| <b>Melting/Freezing Point</b>                       | No Information Available                        |
| <b>Initial Boiling Point and Boiling Range</b>      | 100°C (212°F)                                   |
| <b>Flash Point</b>                                  | No Information Available                        |
| <b>Evaporation Rate</b>                             | No data available                               |
| <b>Flammability</b>                                 | No data available                               |
| <b>Upper/Lower Flammability or Explosive Limits</b> | No data available                               |
| <b>Auto-ignition Temperature</b>                    | No data available                               |
| <b>Vapor Pressure</b>                               | (25°C): <1 mm Hg @ 22°C                         |
| <b>Vapor Density</b>                                | No data available                               |
| <b>Relative Density/Specific Gravity</b>            | No data available                               |
| <b>Solubility(ies)</b>                              | No data available                               |
| <b>Partition Coefficient: n-octanol/water</b>       | No data available                               |
| <b>Decomposition Temperature</b>                    | No data available                               |
| <b>Viscosity</b>                                    | No data available                               |
| <b>VOC (Volatile Organic Compounds)</b>             | <100g/L as supplied as concentrate              |

## SECTION 10: STABILITY AND REACTIVITY

## GHS Format SDS

**Reactivity:** No information available.

**Chemical Stability:** Stable under normal conditions.

**Possibility of Hazardous Reactions:** None under normal processing.

**Hazardous Polymerization:** None under normal processing.

The substance decomposes on burning and may produce irritating fumes.

**Conditions to Avoid:** Extreme weather conditions

**Incompatible Materials:** Strong oxidizing agents, strong acids

**Hazardous Decomposition Products:** Thermal decomposition products include oxides of carbon, oxides of nitrogen.

## SECTION 11: TOXICOLOGICAL INFORMATION

### Information on toxicological effects

**Acute Oral Toxicity:** Product is expected to have low toxicity.

**Acute inhalation toxicity:** No data available

**Acute dermal toxicity:** No data available

**Skin irritation:** No data available

**Eye irritation:** No data available

**Sensitization:** No data available

**Genotoxicity:** No data available

**Mutagenicity:** No data available

**Specific organ toxicity - single exposure:** No data available

**Aspiration hazard:** No data available

**Specific organ toxicity - repeated exposure:** No data available

None of the components in this product present at levels greater than or equal to the 0.1% threshold (de minimis) are identified as a probable, possible, potential, or confirmed carcinogens by ACGIH, IARC, NTP or OSHA.

Handle in accordance with good industrial hygiene and safety practice.

## SECTION 12: ECOLOGICAL INFORMATION

**Ecotoxicity:** No information available

**Persistence and Degradability:** No information available

**Bioaccumulation:** No information available

**Mobility:** No information available

**Other Adverse Effects:** No information available

## SECTION 13: DISPOSAL CONSIDERATIONS

Waste should be disposed of according to local, state, and federal regulations. Chemical residues are generally classified as special waste, and as such are covered by regulations which vary according to location. Contact your local waste disposal authority for advice or pass to a chemical disposal company. Dispose of containers with care.

## GHS Format SDS

**SECTION 14: TRANSPORT INFORMATION**

|                  | <b>A Number</b> | <b>A Proper Shipping Name</b> | <b>Transport Hazard Class(es)</b> | <b>Packing Group</b> | <b>Environmental Hazards</b> |
|------------------|-----------------|-------------------------------|-----------------------------------|----------------------|------------------------------|
| <b>DOT</b>       | Not Regulated   | Not Regulated                 | Not Regulated                     | Not Regulated        | Not a Marine Pollutant       |
| <b>IMO/IMDG</b>  | Not Regulated   | Not Regulated                 | Not Regulated                     | Not Regulated        | Not a Marine Pollutant       |
| <b>IATA/HIGH</b> | Not Regulated   | Not Regulated                 | Not Regulated                     | Not Regulated        | Not a Marine Pollutant       |

**Marine Pollutant:** This product is not a marine pollutant.

Transport in Bulk According to Annex II of MARPOL 73/78 and the IBC Code.

**SECTION 15: REGULATORY INFORMATION****Safety, health, and environmental regulations/legislation specific for substance or mixture****U. S. Federal Regulations**

**OSHA Hazard Communication Standard:** This material is not a "Hazardous Chemical" as defined by the OSHA Hazard Communication

Standard (28 CFR 1910.1200).

**TSCA Status:** All components of this product are listed on the Toxic Substance Control Act (TSCA) Inventory.

**Superfund Amendments and Reauthorization Act (SARA)**

**SARA Section 311/312 Hazard Categories:** Acute Health Hazard, Chronic Health Hazard

**SARA 313 Information:** None of the chemicals in this product exceed the threshold (de minimis) reporting levels established by Section 313 of the Emergency Planning and Community Right-to Know Act of 1986.

**SARA 302/304 Extremely Hazardous Substance:** No components of the product are subject to the reporting requirements of these sections of Title III of SARA.

**SARA 302/304 Emergency Planning & Notification:** No components of the product are subject to the reporting requirements of these sections of Title III of SARA.

**Comprehensive Response Compensation and Liability Act (CERCLA):** No components of the product exceed the threshold (de minimis) reporting levels for hazardous wastes established by CERCLA.

This product does not contain any chemicals that are listed as a Hazardous Air Pollutants (HAPs) designated in CAA Section 112 (b).

**Clean Air Act (CAA)**

This product does not contain any Class 1 Ozone depleters.

This product does not contain any Class 2 Ozone depleters.

**Clean Water Act (CWA)**

None of the chemicals in this product are listed as Hazardous Substances under the CWA.

None of the chemicals in this product are listed as Priority Pollutants under the CWA.

None of the chemicals in this product are listed as Toxic Pollutants under the CWA.

**Other U.S. State Inventories:**

GHS Format SDS

**U.S. State Regulations****California Prop 65, Safe Drinking Water and Toxic Enforcement Act of 1986:**

This product contains no chemical(s) known to the state of California to cause cancer or other reproductive harm.

**Canadian Controlled Products Regulations (CPR):**

Products Regulations, and the MSDS contains all the information required by the Controlled Products Regulations.

This product has been classified in accordance with the hazard criteria of the Controlled

**Canada**

**WHMIS Hazard Symbol and Classification:** No data available.

**Canadian Controlled Products Regulations (CPR):**

Products Regulations, and the MSDS contains all the information required by the Controlled Products Regulations.

This product has been classified in accordance with the hazard criteria of the Controlled

**Canadian National Pollutant Release Inventory (NPRI):** Components of this product are not listed on the NPRI.

**Canadian Ingredient Disclosure List (IDL):** 2-Methylpentane-2,4-diol (CAS #107-41-5) is listed on the IDL.

**European Economic Community****Labeling (67/548/EEC to 1999/45/EC)**

Not applicable. The classification was made according to the latest editions of international substances lists, and expanded upon from company and literature data.

**Risk Phrases:** None allocated

**Safety phrases:** S2 - Keep out of reach of children.

S25 - Avoid contact with eyes.

**SECTION 16: OTHER INFORMATION**

| Scale 0-4          | NFPA         |   | HMIS |
|--------------------|--------------|---|------|
| 4- Severe Hazard   | Health       | 1 | 1    |
| 3- Serious Hazard  | Flammability | 1 | 1    |
| 2- Moderate Hazard | Reactivity   | 0 | 0    |
| 1- Slight Hazard   |              |   |      |
| 0- Minimal Hazard  |              |   |      |

**Personal Protection:** Safety goggles, neoprene rubber gloves, vapor respirator
